bold harmony

Un equilibrio inatteso prende forma attraverso il dialogo tra toni neutri e accenti accesi, dando vita a uno spazio eccentrico ma misurato. I mobili color burro definiscono l'ambiente con una presenza morbida e avvolgente, in perfetta sintonia con le venature calde e decise della quarzite Roma Imperiale.

An unexpected balance takes shape through the interaction between neutral tones and bright ones, creating a funky yet well-balanced space. The furniture in Burro finish defines the space with a soft and enveloping presence, in perfect harmony with the warm, bold veins of Roma Imperiale quartzite.

Un équilibre inattendu prend forme à travers la partition entre tons neutres et couleurs enflammés, en créant un espace excentrique mais pondéré. Les meubles en finition Burro définissent l'environnement avec une présence douce et enveloppante, en parfaite harmonie avec les veines chaudes et décidées du quartzite Roma Imperiale.

fresh poise

Una luce naturale, chiara e generosa, attraversa la stanza e ne rivela l'anima fresca e colta. Il mobile curvo si staglia con eleganza misurata: una presenza compatta e materica, dove la profondità del legno dialoga con la purezza delle superfici. Accenti cromatici calibrati animano l'ambiente senza spezzarne l'equilibrio. Le forme si alternano tra rigore e fluidità, tra geometria e gesto naturale.

Natural light, clear and generous, fills the room, revealing its fresh and refined soul. The curved cabinet stands out with measured elegance: a compact and solid presence, where the depth of the wood interacts with the purity of the surfaces. Balanced colours energize the space without breaking its balance. The forms alternate between rigor and fluidity, between geometry and natural gesture.

La lumière naturelle, claire et généreuse, inonde la pièce, révélant son âme fraîche et raffinée. Le meuble courbe se distingue par une élégance sobre : une présence compacte et solide, où la profondeur du bois dialogue avec la pureté des surfaces. Des touches de couleur équilibrées animent l'espace sans perturber l'harmonie. Les formes s'alternent entre rigueur et fluidité, entre géométrie et geste naturel.
